## Information related to Taishan's reactor number 1

**June 14, 2021** – Framatome is supporting resolution of a performance issue with the Taishan Nuclear Power Plant in Guangdong Province, China.

According to the data available, the plant is operating within the safety parameters.

Our team is working with relevant experts to assess the situation and propose solutions to address any potential issue.

### About Framatome

Framatome is an international leader in nuclear energy recognized for its innovative solutions and value added technologies for the global nuclear fleet. With worldwide expertise and a proven track record for reliability and performance, the company designs, services and installs components, fuel, and instrumentation and control systems for nuclear power plants. Its more than 14,000 employees work every day to help Framatome's customers supply ever cleaner, safer and more economical low-carbon energy. Visit us at: [www.framatome.com](http://www.framatome.com), and follow us on Twitter: [@Framatome](https://twitter.com/Framatome) and LinkedIn: [Framatome](https://www.linkedin.com/company/framatome). Framatome is owned by the EDF Group (75.5%), Mitsubishi Heavy Industries (MHI – 19.5%) and Assystem (5%).
